Agricultural Preserve No./____________ is hereby declared (established) (enlarged) to include the territory described in said Exhibit "A", for the purpose of defining the bounds of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserve is attached hereto marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Sec. 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract, and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231

or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon the subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restriction now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract, and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person, or whenever there is any such action or acquisition by the Federal government or any person, instrumentality or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-revewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section Seventh of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a land use contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of the contractual restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and

Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certificate which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of

Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extend the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or change on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or the COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: **EXCLUSION OF LAND FROM PRESERVE.** Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: **SUCCESSORS IN INTEREST.** The Contract shall run with the land described in it and shall be binding upon the heirs, successors and assigns of the OWNER and COUNTY.

RESOLUTION NO. 70- 155

(Resolution Re Repatriation of Captured American and Allied Fighting Men)

WHEREAS, the government of the Democratic Republic of Vietnam acceded to "THE GENEVA CONVENTION RELATIVE TO THE TREATMENT OF PRISONERS OF WAR", August 12, 1949, which provides that "The High Contracting Parties undertake to respect and to ensure respect for the present Convention in all circumstances"; and

WHEREAS, the government of the Democratic Republic of Vietnam has evidenced no intention, thus far, of compliance with the Articles of the Geneva Convention to which it is honor bound as a signator and as a civilized nation; and

WHEREAS, the repeated appeals on the part of wives, parents, children and other dependents of the Americans who are prisoners of war, or are missing in action, have proven ineffective, thus far, through diplomatic, military and humanitarian channels;

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of the County of Yolo assembled on October 26th, 1970, that this Board representing the citizens of the County of Yolo, urges the President of the United States to condemn the repressive and cruel treatment of American and allied prisoners of war; to press the Democratic Republic of Vietnam and the other signators to the Geneva Convention for the immediate designation of a Protecting Power or a recognized international humanitarian organization to carry out the protective measures for prisoners outlined in the Articles of the Geneva Convention; to effect the repatriation of all Americans detained by the Democratic Republic of Vietnam prior to the withdrawal of United States Military Forces from Southeast Asia; during this week citizens are urged to sign petitions directed at the Government of North Vietnam which should state: -----

"There is no issue upon which we, as citizens of the United States and as human beings, are more united than our concern for the welfare of our men whom you hold captive. On June 28, 1957, you signed the Geneva Conventions which embody the morality of world citizenship with respect to the treatment of prisoners of war. The men you now detain can pose no threat to you. These men did not wish to leave home and fight but have done their duty to their country, just as you require of your citizens. There are presently 1,095 men unaccounted for and presumed to be in your hands.

"We are asking that you live up to the obligations you assumed upon signing the Geneva Conventions by:

1. Releasing the names, addresses and state of health of every man held in your camps.
2. Repatriating or removing to a neutral country all sick and wounded prisoners.
3. Permitting the Red Cross or some other international humanitarian organization to monitor the prison camps and help minister to the needs of the captives.
4. Allowing prisoners to send and receive mail, including shipments of food, clothing, medical supplies and educational and recreational materials."

PASSED AND ADOPTED by the Board of Supervisors of the County of Yolo, State of California, this 26th day of October, ---

1970, by the following vote:

AYES: Edmonds, Bell, Espigares, Stephens, Duncan.

NOES: None.

2. The action taken by this resolution is in conformance with the Yolo County General Plan.
3. The agricultural preserve which includes the territory described in said Exhibit "A" consists of no less than 160 acres.
4. The territory described in said Exhibit "A"
   a. is designated for agricultural use in the Yolo County General Plan,
   ~~b. is not an area programmed for water or sewer by any community,~~

BOOK 956 PAGE 360

b. does not include any parcel less than twenty (20) acres in area,

c. is predominantly Class I, II, or III soils, or satisfies the purposes of the agricultural preserve in the following ways:

1) Tends to maintain the agricultural economy, and
2) tends to prevent premature or unnecessary conversion from agriculture, and
3) tends to assist in the preservation of prime lands, and
4) to preserve lands with public value as open space.

5. Agricultural Preserve No./ Addition to Preserve No. 9 is hereby declared ~~(established)~~ (enlarged) to include the territory described in said Exhibit "A", for the purpose of defining the bounds of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserve is attached hereto marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Sec. 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract, and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231

or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon the subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property If any use otherwise permissible hereunder is not permissible under any planning or zoning restriction now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract, and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person, or whenever there is any such action or acquisition by the Federal government or any person, instrumentality or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-revewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section Seventh of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a land use contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of the contractural restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and

Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certificate which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of

Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extend the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or change on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or the COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors and assigns of the OWNER and COUNTY.

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

   A. Agricultural Uses:

      1. Agriculture, including any customary agricultural buildings and structures, and such uses as, but not limited to, livestock ranges, animal husbandry, field crops, fallow, withdrawal from production pursuant to Federal agricultural programs such as but not limited to that authorized by the Crop and Adjustment Act, tree crops, nurseries and greenhouses together with all necessary equipment and facilities for support and maintenance of the operation.

1. Each of the foregoing recitals is true and correct.
2. The action taken by this resolution is in conformance with the Yolo County General Plan.
3. The agricultural preserve which includes the territory described in said Exhibit "A" consists of no less than 160 acres.
4. The territory described in said Exhibit "A"
    a. is designated for agricultural use in the Yolo County General Plan,
    ~~b. is not in area programmed for water or sewer by any community~~

b. xx: does not include any parcel less than twenty (20) acres in area,

c. xx: is predominantly Class I, II, or III soils, or satisfies the purposes of the agricultural preserve in the following ways:

1) Tends to maintain the agricultural economy, and
2) tends to prevent premature or unnecessary conversion from agriculture, and
3) tends to assist in the preservation of prime lands, and
4) to preserve lands with public value as open space.

5. Agricultural Preserve No./ See Attachment 1 ____________ is hereby declared (established) and (enlarged) to include the territory described in said Exhibit "A", for the purpose of defining the bounds of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserve is attached hereto marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Sec. 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract, and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231

or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon the subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restriction now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract, and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person, or whenever there is any such action or acquisition by the Federal government or any person, instrumentality or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-revewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section Seventh of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a land use contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of the contractural restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and

Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certificate which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of

Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extend the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or change on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or the COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors and assigns of the OWNER and COUNTY.

4) to preserve ~~lands, with~~ See Exhibit "A" public value as open space.

5. ~~Agricultural~~ Preserve No. ___________ is hereby declared (established) (enlarged) to include the territory described in said Exhibit "A", for the purpose of defining the bounds of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserve is attached hereto marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Sec. 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract, and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231

or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon the subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restriction now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract, and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person, or whenever there is any such action or acquisition by the Federal government or any person, instrumentality or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-revewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section Seventh of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a land use contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of the contractural restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and

Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certificate which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of

Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extend the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or change on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or the COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors and assigns of the OWNER and COUNTY.

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

   A. Agricultural Uses:

      1. NOTES—[1] Delete this clause if only Series A bonds are outstanding; repeat this clause for each series subsequent to Series B.
[2] Delete if all or remaining bonds are to be issued.
[3] Delete if only portion of remaining bonds are to be issued.
[4] Insert amount of TOTAL authorized issue.

SPECIAL NOTES:

Education Code Section 21809 provides that the bonds shall be signed by the chairman of the board of supervisors, "or by such other member thereof as the board of supervisors shall by resolution adopted by a four-fifths vote of all its members, authorize and designate for that purpose". If it is desired to have the bonds signed by such member rather than the chairman, then the Resolution and Order, and the bond form, should be changed accordingly, and the Resolution and Order must be adopted by such four-fifths vote.

Education Code Section 22051 provides for redemption of school bonds prior to their maturity at the option of the governing board of the school district. The prescribed statutory procedure and the wide diversity of possible redemption provisions render impracticable a general printed form for such matters. It is therefore suggested, should redemption provisions be desired, that competent financial and legal advice be first obtained.

This form is for use only when the principal amount of any issue has been divided into two or more series and a series subsequent to Series A is being issued. If the bonds being issued are Series A use Form No. 5015-A instead of this form. If the issue has not been divided into two or more series use Form No. 5015.

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. Each of the foregoing recitals is true and correct.
2. The action taken by this resolution is in conformance with the Yolo County General Plan.
3. The agricultural preserve which includes the territory described in said Exhibit "A" consists of no less than 160 acres
4. The territory described in said Exhibit "A"
    a. is designated for agricultural use in the Yolo County General Plan,
    ~~b. is not in an area programmed for water or sewer by any community,~~

b.cx does not include any parcel less than twenty (20) acres in area,

c.dx is predominantly Class I, II, or III soils, or satisfies the purposes of the agricultural preserve in the following ways:

1) Tends to maintain the agricultural economy, and
2) tends to prevent premature or unnecessary conversion from agriculture, and
3) tends to assist in the preservation of prime lands, and
4) to preserve lands with public value as open space.

5. Agricultural Preserves No. / See Exhibit "A" are xx hereby declared (established) and (enlarged) to include the territory described in said Exhibit "A", for the purpose of defining the bounds of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserve is attached hereto marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Sec. 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract, and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231

or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon the subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restriction now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract, and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person, or whenever there is any such action or acquisition by the Federal government or any person, instrumentality or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded,

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-revewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section Seventh of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a land use contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of the contractural restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and

Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certificate which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of

Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extend the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or change on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or the COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors and assigns of the OWNER and COUNTY.

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

BOARD OF SUPERVISORS

COUNTY OF YOLO
Woodland, California

To the Citizens and Taxpayers
of Yolo County

Pursuant to the provisions of the Government Code, State of California, the Board of Supervisors has adopted the preliminary county budget of $20,400,490 for the fiscal year 1970-71. Copies of the proposed budget are now available at the office of the County Auditor-Controller.

The Board of Supervisors began public hearings for the review of departmental budget requests in the month of April and these public reviews of the budget items extended through May and June. As a result of these reviews we have reduced proposed expenditures for 1970-71 by $706,050. Despite these reductions the net increase in the budget over 1969-70 is $2,001,166. Two areas of government services account for most of that increase. Welfare accounts for $1,118,028 and the increased cost of public protection accounts for an additional $435,380, for a combined total of $1,553,408, or 77% of the total budget increase.

The proposed budget as adopted by the Board of Supervisors reflects the policies of the Board relative to necessary appropriations for the support of county services. The proposed budget also includes a tabulation of actual revenues and expenditures for the fiscal year 1969-70 and the estimated revenues for 1970-71. The proposed budget is just that--and is subject to final review and consideration by the Board prior to its adoption. There are unknown factors relating to legislation particularly with respect to welfare and the Medi-Cal and Medicare programs which could possibly have a very serious impact on this budget should certain legislation now being considered by the Legislature in Sacramento be adopted.

We invite the citizens and taxpayers of Yolo County to obtain copies of the proposed budget from the office of the County Auditor-Controller. The official public hearings on the final budget will begin on Monday, August 17, 1970 at 2:00 P.M. The Board of Supervisors encourages and welcomes the submission of budget comments and suggestions for its consideration.

Respectfully submitted,

W E Duncan

COUNTY OF YOLO

SUMMARY REPORT ON THE PROPOSED BUDGET
1970-71

Honorable William E. Duncan, Chairman
and Members of the Board of Supervisors
Woodland, California

Gentlemen:

After extensive public hearings your Honorable Board has adopted the proposed budget of $20,400,490 for the fiscal year 1970-71. The proposed budget is $2,001,166 over the budget for the fiscal year 1969-70. There is a shadow over this proposed budget in that the county is at the mercy of some harsh legislation which may be adopted by the State Legislature, and under a further shadow relative to the failure of both the state and federal governments to pay their legally established costs for the Medicare Program and for the Medi-Cal program. In one instance, the state has made an error which now amounts to $219,000 due the General Fund of this county, and in addition, the federal government has throughout this year been months behind in its payments for Medicare, and the state government is now two months behind in its payments for reimbursement for state Medi-Cal costs, which now amounts to approximately $150,000. The absence of these funds simply means, as it has ever since these two programs began, that the County Board of Supervisors and individual taxpayers of the county are providing the bankroll for programs which the State Legislature and the Congress have adopted and which it is now becoming apparent they cannot afford. As a result it is necessary to state that there is an increasing tendency to shift the costs of these programs to county government and to the county taxpayers.

There are additional factors which complicate the financing of the county budget this year as well. By agreement between the Board of Supervisors and the cities in the county, the County of Yolo is relinquishing $60,000 of sales tax revenue to the respective cities. Secondly, almost one-third of the total acreage of the county has been placed in Agricultural Preserves which has reduced the assessments and therefore tax revenue on such lands. Likewise, as no different from any other family in Yolo County, inflation also plays a major factor in increasing county costs. When all of these negative factors contributing to increasing the difficulty of financing county services occur in one year, your Honorable Board obviously has a serious problem in that it is impossible to prevent an increase in the tax rate for 1970-71 under such conditions.

Your Honorable Board has made significant reductions in the requests of department heads for a total of $706,050. A total of thirty-eight new positions were requested at a total cost of $319,974, but your Honorable Board has allowed only eighteen at a total cost of $123,158 (that savings is included in the $706,050 reduction).

In conformance to state budget law, the budget amount does not include carry-over reserves but for public information purposes these reserves are as follows: General Reserve, $50,000, which can only be used in dire catastrophe and after all other funds have been exhausted; and the Accumulative Capital Outlay Reserve, $419,000, which has been placed in reserve for future county building construction.

The General Fund, which supports all county functions except roads, library, and the county building program, has a budget of $17,176,976 and is $1,917,622 higher than the 1969-70 budget. Just as was the case last year, welfare and public protection account for a major share of the increase. The Welfare budget increase accounts for $1,118,028 (including federal, state and county shares), and the budget increase for public protection accounts for $435,380. When combined, the increases for these two areas of county government service account for $1,553,000 or 81% of the total General Fund budget increase of $1,917,000. The total welfare budget of $8,667,572 and the public protection budget of $3,639,540 total $12,207,112, or 71% of the General Fund budget for 1970-71.

The cost of inflation, the cost of welfare which is not subject to Board of Supervisors control, and the cost of crime, and the maintenance of all General Fund services will require an estimated property tax rate of $2.49 per $100 of assessed valuation, thirty-five (35) cents more than in 1969-70. This is, of course, only a preliminary estimate.

The county building fund budget, formally known as the Accumulative Capital Outlay Fund, is $595,000, some $6,000 less than last year. The projects to be financed are as follows: Veterans Graves, $10,000; Animal Shelter, $110,000, a carryover project from 1969-70; Cache Creek Drainage Facility, $35,000, a joint project with the City of Woodland and the State Reclamation Board; major County Building renovation, $35,000; future Administration Building, $400,000; a reserve of $3,000 for the Public Works Building now under construction; and $2,000 for water for the Guinda Park. The $400,000 being earmarked for a future administration building would make a total of $819,000 when added to the $419,000 appropriated for that purpose last year, 1969-70. The estimated tax rate for the county building fund for 1970-71 is twenty (20) cents which is four (4) cents more than last year. The tax rate for this fund is entirely dependent upon the policy decision as to how much funds should be placed in the reserve for a future county administration building.

The Road Fund budget totals $2,175,850, $90,400 more than the $2,085,450 budget for 1969-70. There is an existing road tax of twenty-three (23) cents in District 1 and twenty (20) cents in the rest of the county unincorporated area, and it is anticipated that this road tax will be without change in 1970-71. The major support for the road fund, of course, comes from highway users gas tax funds and from motor vehicle fines and forfeitures.

The proposed Library Fund budget for 1970-71 totals $337,674, $52,220 more than the budget for 1969-70 of $285,454. The library budget provides only for the regular operations of the library, nor are any major changes in services contemplated. The estimated tax rate for the Library Fund for 1970-71 is fourteen (14) cents, one (01) cent more than the existing tax rate of thirteen (13) cents, for 1969-70.

The following is the budget summary by fund:

TOTAL BUDGET SUMMARY

Fund	1970-71 Requested Total	Change	1970-71 Revised Total

Total County Operating Funds	$21,106,540	-$706,050	$20,400,490
Hospital Enterprise Fund	$ 3,616,674	-$ 34,620	$ 3,582,054

Note: The budget for the Hospital Enterprise Fund is a memorandum budget and is offset by revenue. It does not add to the total of county operating requirements.

In reviewing the proposed budget for 1970-71, it is important to recognize that this is just a tentative budget and that the main purpose of the printed proposed budget is to provide a document as the basis for a review and consideration of future county expenditures.

REPORT NO. 4

AUGUST 10, 1970

HONORABLE BOARD OF SUPERVISORS
COUNTY OF YOLO

GENTLEMEN:

RE: Stop Sign on Davis Road at
South River Road

RECOMMENDATION:
That your Board adopt the attached resolution authorizing and directing the Director of Public Works to install a stop sign facing eastbound traffic on Davis Road at its intersection with South River Road.

TRANSMITTAL:

1. Draft of Resolution authorizing stop sign installation.

2. Sketch of the intersection.

DISCUSSION:
Davis Road forms the leg of a tee at its intersection with South River Road. Eastbound traffic on Davis Road approaches the intersection at a six percent grade and must slow down considerably to initiate turning movements onto the levee (South River Road).

Traffic volumes are 241 vehicles per day and 127 vehicles per day on South River Road and 147 vehicles per day on Davis Road. Traffic volumes and intersection configuration indicate that Davis Road traffic should be required to stop. This will give the road with higher traffic volumes the right of way. It will also eliminate the largest number of traffic conflicts.

No accidents have been reported at this intersection since 1962.

Respectfully submitted,

H. Van Reyper
Director of Public Works

   a. is designated for agricultural use in the Yolo County General Plan,
   ~~bxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx~~
   ~~xxxxxxxxxx~~

c. does not include any parcel less than twenty (20) acres in area,

d. is predominantly Class I, II, or III soils, or satisfies the purposes of the agricultural preserve in the following ways:

   1) Tends to maintain the agricultural economy, and
   2) tends to prevent premature or unnecessary conversion from agriculture, and
   3) tends to assist in the preservation of prime lands, and
   4) to preserve lands with public value as open space.

5. Agricultural Preserve Nos. / See Attachment are xx hereby declared ~~(established)~~ (enlarged) to include the territory described in said Exhibit "A", for the purpose of defining the bounds of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserve is attached hereto marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Sec. 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract, and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231

or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon the subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restriction now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract, and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person, or whenever there is any such action or acquisition by the Federal government or any person, instrumentality or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the contract by the Board of Supervisors of the County of Yolo; provided, however, the initial term of any such contract that is signed and recorded on or before May 15th, 1970, shall commence as of the first day of March 1970. The initial term shall terminate on the last day of February of the tenth year following commencement. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-renewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contracts without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with § 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby

agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section Seventh of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a land use contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of the contractual restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and

Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certificate which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of

Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extend the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or change on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or the COUNTY which has juridiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors and assigns of the OWNER and COUNTY.

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

   A. Agricultural Uses:

      1. Agriculture, including any customary agricultural buildings and structures, and such uses as, but not limited to, livestock ranges, animal husbandry, field crops, fallow, withdrawal from production pursuant to Federal agricultural programs such as but not limited to that authorized by the Crop and Adjustment Act, tree crops, nurseries and greenhouses together with all necessary equipment and facilities for support and maintenance of the operation.

RESOLUTION NO. 70-82

(Resolution Urging Passage of ACA 38 and AB 729)

WHEREAS, Article 26 of the State Constitution prohibits the expenditure of highway user tax revenues for any purpose other than the construction, maintenance and administration of streets and highways, traffic related law enforcement, and the collection of user taxes; and

WHEREAS, this earmarking of funds exclusively for road purposes, favoring private motor vehicles over other transportation systems, interferes with the development of a balanced transportation system; and

WHEREAS, lack of financing for public transportation deprives almost 20% of our population (the old, the young, the poor, and the handicapped) of mobility; and

WHEREAS, motor vehicles cause a large and increasing share of environmental pollution, yet motor vehicle and fuel taxes may not clearly be used to attack this problem,

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of the County of Yolo urges the passage by the California State Legislature of ACA 38 and AB 729, in order to give the Legislature and local governing bodies the flexibility they need in dealing with motor vehicle-caused environmental pollution and present-day problems of public transportation.

BE IT FURTHER RESOLVED that copies of this resolution be forwarded to Governor Ronald Reagan, Senator Fred W. Marler, Jr., and to Assemblymen Ray E. Johnson and Edwin Z'Berg.

PASSED AND ADOPTED by the Board of Supervisors of the County of Yolo, State of California, this 8th day of June, 1970, by the following vote:

WHEREAS, at the time and place set forth in the said notice a public hearing was held by this Board of Supervisors; and

WHEREAS, in the judgment of this Board of Supervisors, it is in the interest of the County of Yolo to do so;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. Each of the foregoing recitals is true and correct.
2. The action taken by this resolution is in conformance with the Yolo County General Plan.
3. The agricultural preserve which includes the territory described in said Exhibit "A" consists of no less than 160 acres.
4. The territory described in said Exhibit "A"
    a. is designated for agricultural use in the Yolo County General Plan,
    b. is not an area programmed for water or sewer by any community,

c. does not include any parcel less than twenty (20) acres in area,

d. is predominantly Class I, II, or III soils, or satisfies the purposes of the agricultural preserve in the following ways:

   1) Tends to maintain the agricultural economy, and
   2) tends to prevent premature or unnecessary conversion from agriculture, and
   3) tends to assist in the preservation of prime lands, and
   4) to preserve lands with public value as open space.

5. Agricultural Preserve No. 39 is hereby declared ~~(established)~~ (enlarged) to include the territory described in said Exhibit "A", for the purpose of defining the bounds of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserve is attached to the Resolution No. 70-15 recorded February 11, 1970, in Vol.935 at pages 372-506, ~~hereto~~ marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Sec. 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract, and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231

or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon the subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restriction now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract, and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person, or whenever there is any such action or acquisition by the Federal government or any person, instrumentality or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the contract by the Board of Supervisors of the County of Yolo; provided, however, the initial term of any such contract that is signed and recorded on or before May 15th, 1970, shall commence as of the first day of March 1970. The initial term shall terminate on the last day of February of the tenth year following commencement. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-renewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contracts without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with § 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby

agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section Seventh of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a land use contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of the contractural restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and

Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certificate which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of

Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extend the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or change on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or the COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors and assigns of the OWNER and COUNTY.

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

   A. Agricultural Uses:

      1. Agriculture, including any customary agricultural buildings and structures, and such uses as, but not limited to, livestock ranges, animal husbandry, field crops, fallow, withdrawal from production pursuant to Federal agricultural programs such as but not limited to that authorized by the Crop and Adjustment Act, tree crops, nurseries and greenhouses together with all necessary equipment and facilities for support and maintenance of the operation.

WHEREAS, in the judgment of this Board of Supervisors, it is in the interest of the County of Yolo to do so;

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. Each of the foregoing recitals is true and correct.
2. The action taken by this resolution is in conformance with the Yolo County General Plan.
3. The agricultural preserve which includes the territory described in said Exhibit "A" consists of no less than 160 acres.
4. The territory described in said Exhibit "A"
    a. is designated for agricultural use in the Yolo County General Plan,
    b. is not an area programmed for water or sewer by any community,

c. does not include any parcel less than twenty (20) acres in area,

d. is predominantly Class I, II, or III soils, or satisfies the purposes of the agricultural preserve in the following ways:

   1) Tends to maintain the agricultural economy, and
   2) tends to prevent premature or unnecessary conversion from agriculture, and
   3) tends to assist in the preservation of prime lands, and
   4) to preserve lands with public value as open space.

5. Agricultural Preserve No. 69 is hereby declared (established) ~~(enlarged)~~ to include the territory described in said Exhibit "A", for the purpose of defining the bounds of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserve is attached hereto marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Sec. 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract, and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231

or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon the subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restriction now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract, and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person, or whenever there is any such action or acquisition by the Federal government or any person, instrumentality or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the contract by the Board of Supervisors of the County of Yolo; provided, however, the initial term of any such contract that is signed and recorded on or before May 15th, 1970, shall commence as of the first day of March 1970. The initial term shall terminate on the last day of February of the tenth year following commencement. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-renewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contracts without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with § 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby

agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section Seventh of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a land use contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of the contractural restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and

Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certificate which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of

Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extend the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or change on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or the COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors and assigns of the OWNER and COUNTY.

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

   A. Agricultural Uses:

NOW, THEREFORE, BE IT RESOLVED, ORDERED AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. Each of the foregoing recitals is true and correct.
2. The action taken by this resolution is in conformance with the Yolo County General Plan.
3. The agricultural preserve which includes the territory described in said Exhibit "A" consists of no less than 160 acres.
4. The territory described in said Exhibit "A"
    a. is designated for agricultural use in the Yolo County General Plan,
    b. is not an area programmed for water or sewer by any community,

c. does not include any parcel less than twenty (20) acres in area,

d. is predominantly Class I, II, or III soils, or satisfies the purposes of the agricultural preserve in the following ways:
   1) Tends to maintain the agricultural economy, and
   2) tends to prevent premature or unnecessary conversion from agriculture, and
   3) tends to assist in the preservation of prime lands, and
   4) to preserve lands with public value as open space.

5. Agricultural Preserve No. 43 is hereby declared ~~(established)~~ (enlarged) to include the territory described in said Exhibit "A", for the purpose of defining the bounds of those areas within which the County of Yolo is willing to enter into land use contracts pursuant to the Land Conservation Act of 1965.

6. A map of such agricultural preserve is attached hereto marked Exhibit "B" which is incorporated by reference.

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Sec. 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract, and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231

or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon the subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restriction now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract, and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person, or whenever there is any such action or acquisition by the Federal government or any person, instrumentality or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the contract by the Board of Supervisors of the County of Yolo; provided, however, the initial term of any such contract that is signed and recorded on or before May 15th, 1970, shall commence as of the first day of March 1970. The initial term shall terminate on the last day of February of the tenth year following commencement. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-renewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contracts without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with § 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby

agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section Seventh of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a land use contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of the contractural restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and

Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certificate which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of

Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extend the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or change on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or the COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors and assigns of the OWNER and COUNTY.

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

   A. Agricultural Uses:

2. Insert amount of TOTAL authorized issue.

SPECIAL NOTES:

Education Code Section 21809 provides that the bonds shall be signed by the chairman of the board of supervisors, "or by such other member thereof as the board of supervisors shall by resolution adopted by a four-fifths vote of all its members, authorize and designate for that purpose". If it is desired to have the bonds signed by such member rather than the chairman, then the Resolution and Order, and the bond form, should be changed accordingly, and the Resolution and Order must be adopted by such four-fifths vote.

Education Code Section 22051 provides for redemption of school bonds prior to their maturity at the option of the governing board of the school district. The prescribed statutory procedure and the wide diversity of possible redemption provisions render impracticable a general printed form for such matters. It is therefore suggested, should redemption provisions be desired, that competent financial and legal advice be first obtained.

This form is for use only when the principal amount of any issue has been divided into two or more series and Series A is being issued. If the bonds being issued are of a series subsequent to Series A use Form No. 5015-B instead of this form. If the issue has not been divided into two or more series use Form No. 5015.

NOTES:—1. The purposes must correspond in every particular with those stated in the election notice.

2. Insert amount of TOTAL authorized issue.

SPECIAL NOTES:

Education Code Section 21809 provides that the bonds shall be signed by the chairman of the board of supervisors, "or by such other member thereof as the board of supervisors shall by resolution adopted by a four-fifths vote of all its members, authorize and designate for that purpose". If it is desired to have the bonds signed by such member rather than the chairman, then the Resolution and Order, and the bond form, should be changed accordingly, and the Resolution and Order must be adopted by such four-fifths vote.

Education Code Section 22011 provides for redemption of school bonds prior to their maturity at the option of the governing board of the school district. The prescribed statutory procedure and the wide diversity of possible redemption provisions render impracticable a general printed form for such matters. It is therefore suggested, should redemption provisions be desired, that competent financial and legal advice be first obtained.

This form is for use only when the principal amount of any issue has been divided into two or more series and Series A is being issued. If the bonds being issued are of a series subsequent to Series A use Form No. 5015-B instead of this form. If the issue has not been divided into two or more series use Form No. 5015.

FREEWAY AGREEMENT

THIS AGREEMENT, made and entered into, in duplicate, this 9th day of March, 1970, by and between the STATE OF CALIFORNIA, acting by and through the Transportation Agency, Department of Public Works, Division of Highways, hereinafter for convenience referred to as the "State," and the COUNTY OF YOLO, hereinafter for convenience referred to as the "County,"

WITNESSETH:

WHEREAS, the California Highway Commission has adopted a resolution on February 17, 1954, declaring that certain portion of State Highway Route 505 in the County of Yolo between County Road No. 19 and Route 5 near Dunnigan to be a freeway; and

WHEREAS, the State and the County have heretofore executed a Freeway Agreement dated December 2, 1963, with respect to the portion of said route between 2-3/4 miles north of Madison and Route 5; and

WHEREAS, the plan for said freeway has since been revised in certain particulars, with respect to said portion, and a new plan map has been prepared, showing the revised plan of the State as it affects county roads, including provisions for closing county roads, for carrying county roads over or under or to a connection with such freeway for relocation of county roads, and for construction of frontage roads and other local roads;

NOW, THEREFORE, IT IS AGREED:

1. This Agreement supersedes the freeway agreement dated December 2, 1963, in its entirety. In lieu thereof, the County agrees and consents to the closing of county roads, relocation of county roads, construction of frontage roads and other local roads, and other construction affecting county roads, all as shown on the plan map attached hereto marked "Exhibit A," between 2-3/4 miles north of Madison and Route 5 and made a part hereof by this reference.

2. The State in the construction of said freeway will, at the State's expense, make such changes affecting county roads in accordance with the said plan map attached hereto or as the same may hereafter be modified by mutual agreement between the parties hereto. The State may, at the State's expense, install signs, signals and other traffic control devices at appropriate locations to be determined by the State in order to regulate, warn or guide traffic upon the highways.

3. The State agrees to acquire all necessary right of way as may be required for construction, reconstruction or alteration of County roads and frontage roads, and the County hereby authorizes the State to acquire in its behalf all such necessary right of way.

4. The County will accept control and maintenance over each of the relocated or reconstructed county roads, and the frontage roads and other State constructed local roads on notice to the County Road Commissioner from the State that the work thereon has been completed, except as to any portion thereof which is adopted by the State as a part of the freeway proper. The County will also accept

title to the portionsof such roads lying outside the freeway limits, upon relinquishment by the State.

5. The grade separations shown on plan map Exhibit "A" will either be underpasses or overpasses as detailed engineering studies may determine will best fit the locality. It is understood between the parties that the right of way may be acquired in sections or units and that, both as to the acquisition of right of way and the construction of the freeway project, the obligations of State hereunder shall be carried out at such time and for such unit or units of the project as funds are budgeted and made lawfully available for such expenditures.

6. This agreement may be modified at any time by the mutual consent of the parties hereto, as may become necessary for the best accomplishment through State and County cooperation of the whole freeway project for the benefit of the people of the State and of the County.

6. A map of such agricultural preserve is attached/~~hereto~~ marked

Exhibit "B" which is incorporated by reference. Records at Page 400,

7. The terms and conditions upon which the County of Yolo is willing to enter into land use contracts are as follows:

FIRST: DECLARATION. This Land Use Contract is made and entered into pursuant to the California Land Conservation Act of 1965 as amended (Chapter 7 of Part 1 of Division 1 of Title 5 of the Government Code of California commencing with Sec. 51200), hereinafter referred to as "the Act", including Article 3 of said Act entitled "Contracts" and is subject to all of the provisions thereof pertaining to contracts. It is the intent of the parties that the restrictions imposed upon the subject property by this Contract shall constitute those which may be imposed upon property by contract under the aforementioned Act. The execution and recordation of this Contract shall in no way restrict COUNTY or OWNER from utilizing or benefiting from future conservation or agricultural legislation enacted by the California legislature. Should COUNTY agree to any provision in any other Contract under the Land Conservation Act which provision is not included herein and OWNER requests the inclusion of such provision in this Contract such provision shall be deemed added to this Contract upon written request of OWNER to COUNTY and any other provision hereof inconsistent with said provision shall be deemed to be of no force and effect to the extent of such inconsistency.

SECOND: RESTRICTIONS. During the term of this Contract, and any and all renewals thereof, the subject property shall not be used for any purpose other than agricultural use and the uses determined by COUNTY pursuant to Government Code Sections 51231

or 51238 or by the Land Conservation Act of 1965 as amended to be compatible with the agricultural use of land within this preserve and subject to contract. No structures shall be erected upon the subject property except such structures as may be directly related to authorized uses of the land. The parties, through appropriate action by COUNTY'S Board of Supervisors in accordance with the Act and its rules adopted thereunder, and written consent of OWNER, may from time to time during the term of this Contract and renewals thereof add to and/or delete from said permissible uses of the subject property. If any use otherwise permissible hereunder is not permissible under any planning or zoning restriction now or hereafter applicable to any of the property then it shall likewise be deemed not legally available to OWNER by the provisions of this Contract, and if any use is permissible under any such planning or zoning provision but is not determined as set forth above to be compatible with the agricultural use of land within this preserve and subject to contract, then it shall not be deemed legally available to OWNER hereunder.

THIRD: EMINENT DOMAIN. When any action in eminent domain for the condemnation of the fee title of an entire parcel of land subject to a contract is filed or when such land is acquired in lieu of eminent domain for a public improvement by a public agency or a person, or whenever there is any such action or acquisition by the Federal government or any person, instrumentality or agency acting under authority or power of the Federal government, such contract shall be deemed null and void as to the land actually being condemned or so acquired as of the date the action is filed, and for the purposes of establishing value of such land the contract shall be deemed never to have existed.

When such an action to condemn or acquire less than all of a parcel of land subject to a contract is commenced, the contract shall be deemed null void as to the land actually condemned or acquired and shall be disregarded in the valuation process only as to the land actually being taken, unless the remaining land subject to contract will be adversely affected by the condemnation, in which case the value of that damage shall be computed without regard to the contract.

The contract shall be null and void for all land actually taken or acquired; provided, however, that should any such action be dismissed, or should any interest be conveyed for non-public use, the contract shall be reinstated as of the date the action is dismissed or the conveyance is recorded.

FOURTH: TERM AND RENEWAL. The initial term of the Contract shall be for ten (10) years, commencing as of the first day of March next succeeding the date of approval of the contract by the Board of Supervisors of the County of Yolo, and shall terminate on the last day of February of the tenth (10th) year thereafter. The first day of March shall be deemed to be the "anniversary date" of the Contract, and on the anniversary date of the Contract a year shall be automatically added to the term unless notice of non-revewal is given as herein provided. If either OWNER or COUNTY desires in any year not to renew the Contract, that party shall serve written notice of non-renewal of the Contract upon the other party in advance of the anniversary date. Unless such written notice is served by OWNER at least ninety (90) days prior to the anniversary date or by COUNTY at least sixty (60) days prior to renewal date, the Contract shall be considered renewed as provided above. At any time prior to the anniversary date either party may in writing withdraw its notice of non-renewal. Upon request by the OWNER, the Board of Supervisors may authorize OWNER to serve notice of non-renewal on a portion of the land under contract.

FIFTH: NO PUBLIC FUNDS. The OWNER understands that he is not entitled to any public funds by reason of the execution of the Contract or any renewal thereof although the use of the subject property is limited as aforesaid.

SIXTH: TERMINATION. Subject to the procedural conditions contained herein, OWNER may elect to terminate the Contract without penalty when one of the following circumstances is found to exist:

(a) The laws of California cease to implement Article XXVIII of the State Constitution in a manner providing benefits and restrictions substantially similar to those embodied in Article 1.5 (commencing with Section 421) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code. To be substantially similar, it is hereby agreed that said implementing measures must include provisions for a land valuation system basing value of the land on those uses legally available to OWNER as the basis for assessment, and must not require that OWNER permit entry of the public on subject property.

(b) Future conservation or agricultural legislation achieving a substantially similar public benefit is enacted by the California Legislature and is applied to subject property.

(c) The real property tax is abolished as a source of revenue.

The following procedures shall be followed to elect the termination of the Contract:

(a) Written notice of the election to terminate the Contract shall be given the Board of Supervisors of Yolo County by OWNER.

(b) The Board of Supervisors shall have thirty (30) calendar days to review the proposal and the information submitted in support thereof.

(c) If the Board does not act within said thirty (30) days to set a hearing within an additional thirty (30) days, it shall effect the termination by recording a notice of termination with the County Recorder and filing a copy thereof with the State Department of Agriculture. If the Board so sets a hearing, it shall give notice to OWNER and shall consider the election to terminate in the same manner as it would a request for cancellation as provided in Section Seventh of the Contract.

SEVENTH: CANCELLATION. The Contract may not be cancelled in whole or part except pursuant to a request by OWNER as provided herein.

(a) The Board of Supervisors of COUNTY may approve the cancellation of the Contract only if it finds that cancellation is not inconsistent with the purposes of the California Land Conservation Act and is in the public interest. The existence of an opportunity for another use of the land involved shall not be sufficient reason for the cancellation of the Contract. A potential alternative use of the land may be considered only if there is no proximate land not subject to a land use contract pursuant to the Williamson Act suitable for the use to which it is proposed the subject property be put. The uneconomic character of an existing agricultural use shall likewise not be sufficient reason for cancellation of the Contract. The uneconomic character of an existing use may be considered only if there is no other reasonable or comparable agricultural use to which the land may be put.

(b) Prior to any action by the Board of Supervisors giving tentative approval to the cancellation of any contract, the County Assessor shall determine the full cash value of the land as though it were free of the contractural restriction. The Assessor shall multiply such value by the most recent County ratio announced pursuant to Section 401 of the Revenue and

Taxation Code and shall certify the product to the Board of Supervisors as the cancellation valuation for the purpose of determining the cancellation fee.

(c) Prior to giving tentative approval to the cancellation of the contract, the Board of Supervisors shall determine and certify to the County Auditor the amount of the cancellation fee which OWNER must pay to the County Treasurer as deferred taxes upon cancellation. That fee shall be an amount equal to 50% of the cancellation valuation of the property; provided, however, if after the date the contract was initially entered into, the publicly announced county ratio of assessed to full cash value is changed, the percentage payment in this subdivision shall be changed so no greater percentage of full cash value will be paid than would have been paid had there been no change in ratio.

(d) If the Board of Supervisors finds that it is in the public interest to do so, it may waive any such payment or any portion thereof, or may make such payment or a portion thereof contingent upon the future use of the land and its economic return to OWNER for a period of time not to exceed the unexpired term of the Contract had it not been cancelled provided:

1) The cancellation is caused by an involuntary transfer or change in the use which may be made of the land and the land is not immediately suitable, nor will be immediately used, for a purpose which produces a greater economic return to OWNER; and

2) The Board of Supervisors has determined it is in the best interest of the program to conserve agricultural land use that such payment be either deferred or not required.

(e) When the deferred taxes required by this section are collected, the County Treasurer shall distribute the taxes in accordance with the provisions of Government Code Section 51283(d).

(f) Upon tentative approval of the cancellation petition, the Clerk of the Board of Supervisors shall record in the Office of the County Recorder a certificate which shall set forth the name of the owner of such land at the time the Contract was cancelled with the amount of the cancellation fee certified by the Board of

Supervisors as being due pursuant to this section, the contingency of any waiver or deferment of payments, and a legal description of the property. From the date of recording of such certificate the Contract shall be finally cancelled and, to the extend the cancellation fee has not yet been paid, a lien shall be created and attached against the real property described therein and any other real property owned by the person named therein as the owner and located within the County of Yolo. Such lien shall have the force, effect and priority of a judgment lien. Nothing in this section shall preclude the Board of Supervisors from requiring payment in full of the cancellation fee prior to the cancellation becoming effective.

(g) In no case shall the cancellation of a Contract be final until the notice of cancellation is actually recorded as provided herein. Notwithstanding any provisions of the Revenue and Taxation Code, any payments required by this section shall not create nor impose a lien or change on the land as to which a contract is cancelled except as herein provided.

(h) Upon the payment of the cancellation fee or any portion thereof, the Clerk of the Board of Supervisors shall record with the County Recorder a written certificate of the release in whole or in part of the lien.

(i) No tentative approval of cancellation may be given until after the Board of Supervisors has caused notice to be given of and has held a public hearing on the matter. Notice of hearing shall be mailed to each and every owner of property under contract within this agricultural preserve and shall be published pursuant to Section 6061 of the Government Code. The owner of any property located in the County of Yolo may protest such cancellation; however, such protest shall be advisory only and shall not be binding upon

EIGHTH: DIVISION OF SUBJECT PROPERTY. In the event the subject property of the Contract is divided, a Contract identical to the Contract then covering the original parcel shall be executed by OWNER on each parcel created by the division at the time of the division. Any agency making an order of division or the COUNTY which has jurisdiction shall require, as a condition of approval of the division, the execution of the Contracts provided for in this paragraph.

NINTH: EXCLUSION OF LAND FROM PRESERVE. Removal of any land under the Contract from an agricultural preserve either by change of boundaries of the preserve or disestablishment of the preserve shall be the equivalent of a notice of non-renewal by COUNTY.

TENTH: SUCCESSORS IN INTEREST. The Contract shall run with the land described in it and shall be binding upon the heirs, successors and assigns of the OWNER and COUNTY.

8. The uses determined by COUNTY to be agricultural uses and uses compatible with the agricultural use of the land within the preserve and subject to contract are as follows:

   A. Agricultural Uses:

      1. Agriculture, including any customary agricultural buildings and structures, and such uses as, but not limited to, livestock ranges, animal husbandry, field crops, fallow, withdrawal from production pursuant to Federal agricultural programs such as but not limited to that authorized by the Crop and Adjustment Act, tree crops, nurseries and greenhouses together with all necessary equipment and facilities for support and maintenance of the operation.

      2. Animal feed yards when more than 1000 feet from any existing dwelling.

      3. Hog farms.

   B. Compatible Uses:

      1. Ranch and farm dwellings appurtenant to a principal agricultural use when located on a parcel containing at least twenty (20) acres.

      2. Drilling and operation of oil and gas wells.

      3. Electrical distribution substations.

      4. Public parks and recreation areas.

      5. Living quarters of persons employed on the premises and relatives of the property owner or lessee; but not including labor camps.

      6. Mobile homes may be used as living quarters when they are located on land used for agricultural purposes and are appurtenant to such agricultural use, provided that there may not be more than one mobile home for each ten (10) acres of total site area.

7. Temporary shelters for herdsmen including mobile homes, wagons, tents and the like.

8. Guest houses, not rented or otherwise conducted as a business.

9. Home occupations.

10. Offices incidental and necessary to the conduct of a principal permitted use.

11. Private garages, private parking areas, and private stables.

RESOLUTION NO. 70 - 28

WHEREAS, in the State of California, the Board of Supervisors of each county is responsible for the administration of federal-state-county welfare programs in the county; and

WHEREAS, the Legislature and the administration of the State Department of Social Welfare have adopted various measures which have left the Board of Supervisors with little or no control over the welfare programs and their administration; and

WHEREAS, the Board of Supervisors and county government are denied representation in the formulation and adoption of welfare rules and regulations; and

WHEREAS, taxpayers in California counties are now required to absorb the welfare costs of citizens of other states because state residence as an eligibility requirement has been abolished; and

WHEREAS, the administration of the welfare programs has become a vast bureaucratic maze of complex rules, regulations, and massive reporting requirements of little value to recipients and requiring an incredible waste of public funds; and

WHEREAS, both the federal and state governments continue to be insensitive to the mounting costs for welfare administration by counties directly caused by federal and state rules and regulations; and

WHEREAS, in summation, county government continues to be denied a voice in the administration of welfare while at the same time absorbing an ever increasing financial burden on the county property taxpayer;

NOW, THEREFORE, BE IT RESOLVED that the Board of Supervisors of the County of Yolo respectfully requests that the Governor of the State of California and the Legislature of the State of California initiate such legislation that will provide for state administration of all welfare programs thereby providing and enabling direct property tax relief by counties;

BE IT FURTHER RESOLVED that this resolution be sent to the Governor, to the Speaker of the Assembly, to the President Pro Tem of the Senate, to Senator Fred W. Marler, Jr., to Assemblyman Ray E. Johnson, to Assemblyman Edwin L. Z'berg, and to the County Supervisors Association of California.
